Dear Regency Board Directors,

It was disclosed last night that Ash Ashjodi expressed in a long strong-language email to Unit Owner Anna Eng that Pia Trigiani is not the best General Counsel in the interest of the Association.

This is obviously a matter of grave concern not only to Board members but also all unit owners.

Please share a copy of Ash Ashjodi's message with all unit owners and describe what the Board will do to alleviate the identified concerns by a Board member.
